

Welcome to Agent Training on Demand!

This program provides the opportunity for you to access and complete product training and testing when it is convenient for you.

Below is a list of the core products available for sales.

It is required that you take the test before you can solicit the product. Please click on the appropriate link to download the presentation and get started. As a reminder, you will need Microsoft PowerPoint software in order to access the training modules.

Please Note:

In order to solicit any of the CHUBB products you must first complete the sales practice certification course and exam. This will be in addition to the product tests shown below. You will need to complete the training and pass the exam with a score of 100%. During registration, you must enter Adroit as your first managing general agent (MGA 1). Once you have passed the exam with 100% score, please forward your certificate to agentservices@adroithealthgroup.com.

Click here to register for an account and access the course.
