

# A1 perks\$ REMIIX

## Effective May 21st, the A1 Perks program is getting a facelift.

To enhance the member experience and to better complement the member's Short Term Medical benefits, the A1 Perks program will include the following benefits:

### 1.800MD

1.800 MD offers \$0 unlimited phone consultations with licensed physicians.

### Karis360

Karis360 offers personalized health advocacy programs designed to save them time and money while reducing the chaos and confusion often associated with the healthcare marketplace. Program features include:

- Medical Bill Negotiation – a Karis360 specialty! Save money by letting the pros work directly with the healthcare provider to reduce the out-of-pocket portion of all medical bills.
- Physician and Hospital Search – find the best care for the best price, considering insurance coverage in place and services needed.
- Prescription Cost Search – find the lowest price available for your personalized medication needs.
- Personalized Health Cost Estimates – save money! Includes pre-negotiation of potential medical costs
- Appointment Scheduling – save time and hassle!

The A1 Perks retail rate will increase by \$5. Existing members enrolled in A1 Perks will not be affected; their rates and benefits will remain the same.
