## Pivot STM Network Update

---

June 27, 2017

Dear Agents,

Re: Pivot STM Plans

Pivot Health (Companion) advised us that their Companion STM Plans already have a built-in network with pre-negotiated rates (First Health PPO Network). This will eliminate the need for adding on our PPO or PPO Plus due to duplication of benefits. This creates an opportunity for you to add one of our other add-on products.

**The carrier has requested that this be implemented ASAP. We are sorry for the short notice.**

If you have any questions, please call Agent Services at **(800) 319-7061**.

Thanks,  
A1 Healthcare
