

ANYTHING BUT BASIC

INTRODUCING

advanced
Dental

On behalf of the American Business Association (ABA), we are excited to inform you of a new dental plan. Advanced Dental provides dental insurance benefits underwritten by United Concordia Companies, Inc. (UCCI), for individuals and families who want and/or need dental coverage.

Dental insurance is the single largest factor in determining whether a person sees a dentist regularly and regular dental care is the best way to prevent oral disease. The UC Dental insurance plan can help consumers obtain necessary oral care.

UC Dental is a fully insured dental plan that pays for services and procedures based on a graduating scale of benefits percentages that increase over a period of 3 years. Member retention is encouraged as the plan grows in value.

Plan Highlights

- Low and High Plan Available – Both plan benefits increase on a 3-year graduating scale
- Child and adult orthodontics covered on High Plan
- No waiting period – members can use benefits on first day of coverage
- Diagnostic and preventive services paid at 100% on both plans
- Annual deductible: No deductible on Low Plan; \$50 deductible per covered person on High Plan (\$150 Family Maximum)
- Nationwide PPO Dental Network
